Okay everyone, we shoud be coming up to Hidden Island in half an hour.

Don't let him get to ya Tuff, he's your brother, it's his job to tease you.
And he certainly enjoys his work. Want to play checkers?
Sure, I'll go get the board.

I don't know, Blitz. I like her, but I think she only sees me as a total idiot. I guess I am, at least around women.
Do you ever worry about that kind of thing Blitz?

Munch Munch
drip

No, I suppose you don't. I'm not sure you worry about anything.
(sigh) I guess I really am in trouble when I'm going to you for romantic advice.

THWUMP!
Well... this could be a problem.
Uhh... whoops.
How long since you've been here?
Eeh, heh heh, a few years?
Kinda forgot about the giant cliffs.

You forgot a giant wall of rock?! How are we supposed to get in?
Well, maybe if we could signal the nuns that we're down here...

Ooh! Ooh! I can do that! I can climb this wall and tell the nun ladies!
Grab!

Imp!
Scrabble!

Tap tapper tock
Skuttle up!
Blitz! Get down here, you can't climb all that way!
Don't worry Credenza, I am very strong, and I am not afraid of the heights.

I am... I- I C-c-c- Cred- Credenza?
Scuttle scuttle
?

BLITZ!

SNAKE!
Thick!

BLITZ!

This doesn't feel nice at all.
You idiot! You'll get us both killed!
That's not good.

SPLORCH!
Bah! You're no help! Maybe I can do something about this.
Awwww, but it's my turn!

FWOOSH!

Wait, yes, I see it. It looks like Raven's taking over and is flying down...
I don't know... he's falling pretty fast--

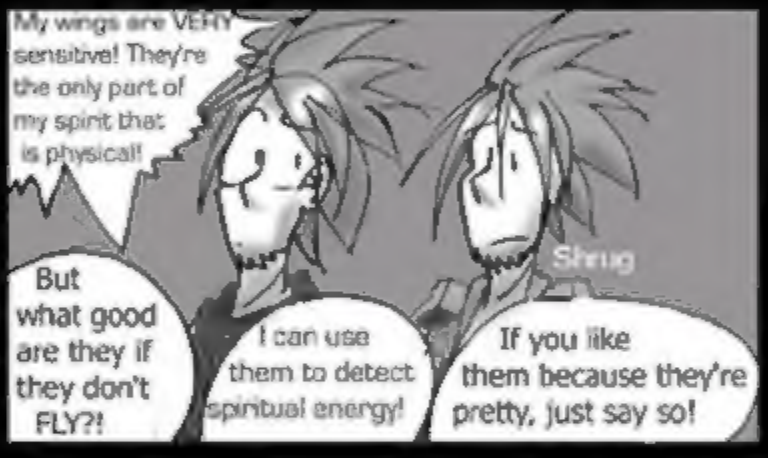
WHUMP!

Gnnn...
Whoa, I, uh, I didn't mean to fall on you, it was just–
Gravity, yeah. Don't worry about it, the ground broke my fall.
If you humans didn't have such lousy reflexes...
I know, you're sorry, I forgive you already.
?
So, Tuff, what's up with the giant centipede snakey things?
They're called Tunnel Wyrms. The nuns raise them for protection.
Most of the time they're just pets. Tunnel Wyrms are pretty docile unless angered, they won't attack us unless we pose a threat...
Or try to get over the cliffs. This certainly won't be easy.
Snap!
Hey wait, I have an idea!
All we need is someone to get to the abbey and tell the nuns we're here...
Why don't you fly up there Raven?
What, me?!

Well, why not? You're named after a bird, you have wings...
As you saw, having wings does not mean I can use them.

Poke!
And my wings are too small, they only grow large enough for flight when I am in danger.
You mean you can't change how big or small your wings are--

Fft!
For heaven's sake, DON'T TOUCH THEM!
Whoa, sorry, didn't realize you were that touchy about mussed feathers.



My wings are VERY sensitive! They're the only part of my spirit that is physical!
But what good are they if they don't FLY?!
I can use them to detect spiritual energy!
Shrug
If you like them because they're pretty, just say so!

Fine, we'll play by your rules. How can you make your wings bigger?
It would take some kind of shock or rush of adrenaline. You have to surprise me.

RAWR!
Nice try Riley, but it will take more than halitosis to scare me.

Later...

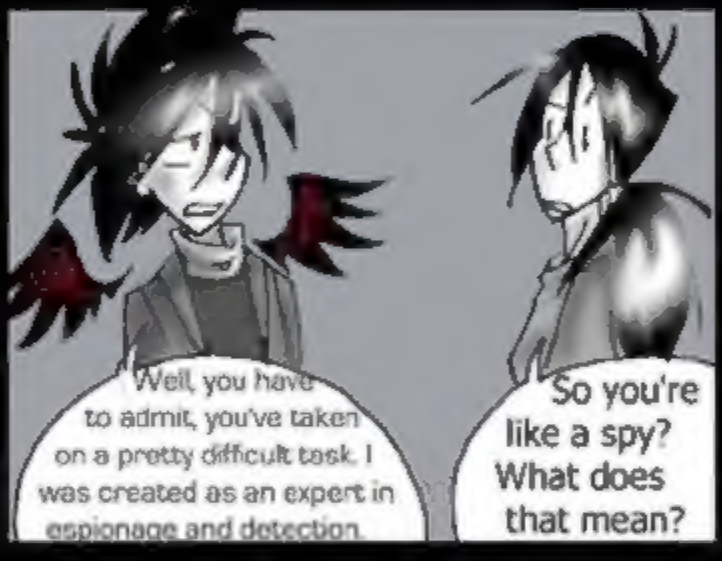
I think we've established that flapping my wings rapidly IS NOT HELPING!

Aw, but you look so adorable when you do it.
He's right though, physics is not our friend right now.



Well, you have to admit, you've taken on a pretty difficult task. I was created as an expert in espionage and detection.
So you're like a spy? What does that mean?

I CAN'T be surprised.
(snort) Wanna bet?

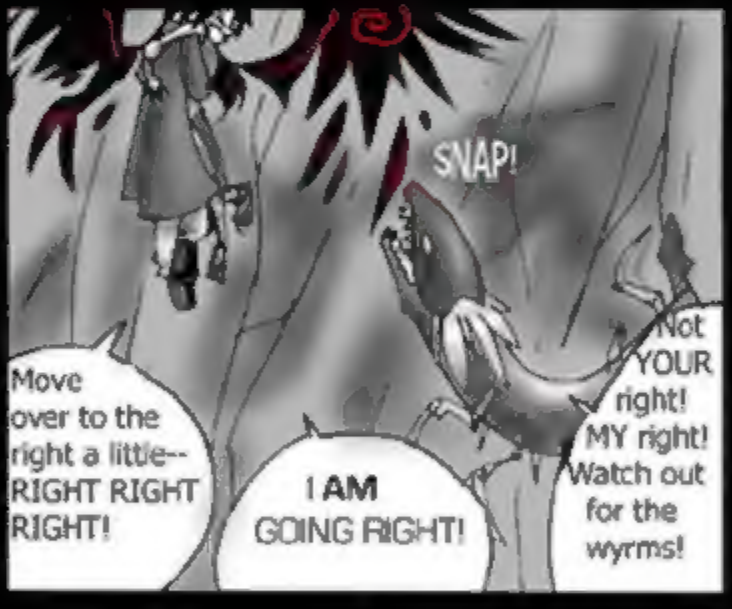
Really, there's nothing you can... why are you looking at me like that?

mrph!
Smooch!
FWOOSH!

FLAP!
FLAP!
FLAP!
FLAP!
CREDENZA!

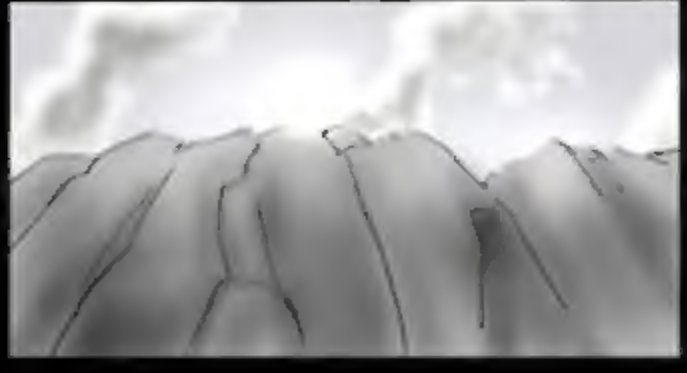
Wow, it worked! Thank goodness, that would have looked really silly otherwise.

I might not have made this clear to you earlier but. I DON'T KNOW HOW TO FLY!
Well I think you're doing just fine for your first time, just try to avoid that rock.



SNAP!
Move over to the right a little-- RIGHT RIGHT RIGHT!
I AM GOING RIGHT!
Not YOUR right! MY right! Watch out for the wyrms!

My wings are already fading. I need to land!
Keep it up, we're almost there!



Wow, look at it... now THAT is a castle.
FLAPPA! FLAPPA!
FLAP!
Just in case you forgot, I'm still trying to FLY down here!
